

INSTRUCTIONS

6' - 8' Convertible Table Cover

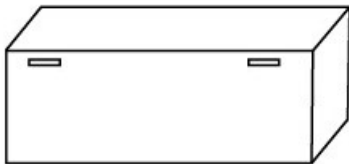

before conversion

after conversion

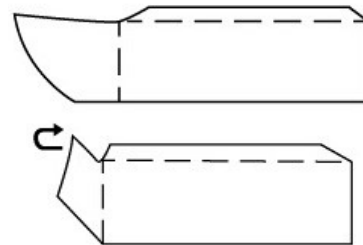

back side view

1

Unfold the table throw. Place the table throw over the 6' table. Position the table throw with the top seam at the rear of the table .

front side view

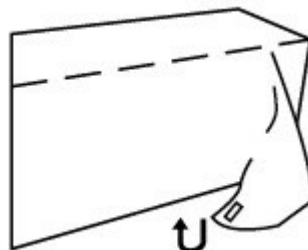

2

Grasp the fastener tab closest to the front of the table. Align the fabric and begin rotating it towards the back of the table.

3

Wrap the throw tightly around the top edge of the table. Attach the fastener hook tab to the fastener loop table on the back of the throw. Repeat this process for the other side of the throw.

back side view

4

completed

Attach the remaining fastener hook tab to the fastener loop tab found underneath the top, back edge of the table throw. Repeat this process for the other side of the throw. The remaining fabric will be gathered neatly.
