Mini X-Banner

Includes:
Graphic
Mini X-Banner Frame

1 Stand the frame upright by extending the feet outward.

2 Using your graphic with openings, attach each of the four corners to the hooks on the X-Banner frame.

3 Ensure that the X-Banner frame is fully extended and taut in order to properly display your graphic.

INSTRUCTIONS

X-Banner

Includes:
Body Piece
Arms (x2)

1 Place the X-Banner body piece upright by extending the feet outward. Adjust the height of the telescoping pole on the X-Banner body piece by flipping the switch to the center position. *Having the switch turned to the left or right position will lock the height of the telescoping pole.*

2 Take the two arms with hooks and attach them to the center piece at the top of the telescoping pole on the X-Banner body piece.

3 Using your banner with grommets, attach each of the four corners to the X-Banner hooks, starting with the top first.

4 In order to properly display your banner on the X-Banner body piece, raise the telescoping pole until taut.
